

ANIMAL CLUES GUESS WHO

CLUES ABOUT YOU MINI-BOOK

In **Animal Clues Guess Who**, readers use four clues and a close-up picture to guess each animal. Each clue provides one piece of the puzzle, and when all four clues are put together, it becomes much easier to guess that animal.

Now it's your turn to make clues about yourself. Fill in the mini-book using words, pictures, and coloring to describe yourself. Could someone guess it was you using the clues?

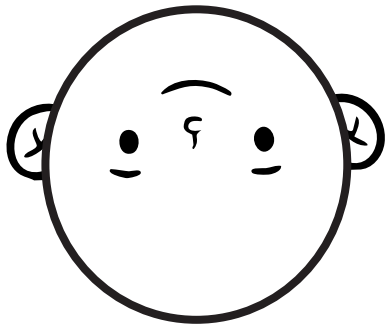

For the classroom:

Have students complete their books and turn them into the teacher. Have the teacher read the clues out loud (cover the name on the front and the self-portrait on the back) to the class. Students can try to guess their friends based on the clues. Show the self portrait on the back of the mini-book as the final clue.

MINI-BOOK ASSEMBLY INSTRUCTIONS

1. Print the mini-book.
2. Fold the paper in half, bringing the short sides together.
3. Cut along the dotted line while the paper is folded.
4. Flatten the paper, then fold it in half again, this time bringing the long sides together
5. This next step is a little tricky. Push the ends of the paper toward each other and the part that you cut earlier should push outwards.
6. Fold the paper along each of the lines and smooth it into a book.
7. Color and complete your book.
